

MODULE SPECIFICATIONS

Certificate in Financial Services (CFS)

Level of Study: Foundation (Level 1)

Effective date: 1 May 2024

Version: 2.2

Revision of module specifications format

A. Module Aim

The Certificate in Financial Services (CFS) module develops the candidate's insights on the business of banking while combining the study of core banking principles and practice influencing the evolution of banking in Malaysia. With key themes including banking products and services, principles of lending, risk, regulation and responsible as well as sustainable banking, this module concludes by considering what it means to be a professional in an evolving banking environment. In addition, this module aims to equip candidates with tools to better assist their banks in delivering strategies, perform well at work, and serve customers, communities, and the wider environment well.

B. Learning Outcomes (LO)

Upon completion of this module, candidates will be able to:

L01	Understand the banking and wider financial services sector in Malaysia.
L02	Explain how banks market products and services and the impact of digital and data-driven innovation on how banks develop and deliver banking services and conduct their banking through a wide range of distribution channels.
L03	Illustrate the principles of a sound and responsible approach to lending and how these principles are applied to ensure fair outcomes for customers.
L04	Describe the range of risks that banks face in a digital age and identify the ways in which these risks can be effectively mitigated and managed.
L05	Understand regulatory compliance, its framework, and roles in financial institutions.
L06	Understand the critical factors that are influencing the development of the Malaysian banking system.

C. Mode of Delivery

This module is offered as Module on Demand. Candidates can apply and enrol anytime and attempt the exam anytime within the module time limit.

D. Learning Method

A combination of methods can be adopted that includes but not limited to:

- Workshops (compulsory/optional)
- Discussions
- Seminars
- Self-study
- Moodle (Learning Management System)

E. Qualification and Module Time Limits

The qualification and module time limit for this module is as below:

Qualification Time Limit	Module Time Limit
